Fishing Fleet Movements.

Sch. Hattie L. Trask arrived at Canso on Tuesday and schs. Joseph W. Lufkin and Isaac Collins sailed from that port the same day for Magdalen islands.

Sch. Richard Wainwright passed Port Mulgrave bound north on Tuesday.

The fishermen are catching many cod in Beverly harbor.

Sch. Sylvia M. Nunan was at Portland on Thursday.

Provincetown Notes.

\$1400 stock is the record of high liner among the dory fishermen fishing from this port the past winter. It is fair to state, however, that the average share does not exceed \$250 to a man.

Schs. Willie L. Swift, Gladstone and Monitor are this week making final preparations for Grand Bank voyage.

Sch. Triton landed a small trip of halibut at this port Monday.

Sloops Betsy Ross, Iris, Albert Brown, Odd Fellow, Briganza, Barbara, Active and J. W. Caswell have sailed mackerel netting.

SCH. BLANCHE RELEASED.

Was Held at North Sydney Charged with Illegally Shipping Men.

A despatch from North Sydney on Saturday stated that the sch. Blanche of this port, seized at that port on a charge of shipping men in Canada without permission, has been released.

A despatch from New York this noon report the following fares of fresh mackerel.

Sloop Defender, 2600; Sch. Marguerite, 2400; Sch. Pearl, 2000; Sch. Lydia, 1200.

PRICE ONE CENT.

THE HIGH LINE HONOR.

Accorded Thus Far to the New Gasoliner Saladin.

SALT MACKEREL BRING \$9.00.

Schs. Constellation and Navahoe Make Big Spring's Work.

It is the general opinion of captains now home from the south that the high line honor of the southern seining fleet is thus far carried by the new gasoline auxiliary sch. Saladin, Capt. Flar McKown.

The new gasoline auxiliary sch. Constellation, Capt. Thaddeus Morgan, which arrived home from south Saturday night, has made a big stock, near the \$10,000 mark, which means a fine share for the crew. The Constellation is probably next to the Saladin on stock.

Sch. Navahoe, Capt. Martin Welch, rolled up the fine stock of \$6017.88 out south, the crew making the splendid share of \$127.50.

Sch. Arthur Binney, Capt. Maurice Whalen of Boston, is at that port today with 112 barrels salt mackerel.

Sch. Elma Wallace Hopper, Capt. Almon D. Malloch, is also there with 120 barrels of fresh mackerel and 140 barrels of salt mackerel. The fresh fish were taken last Thursday off Montauk and form the first fresh mackerel fare at Boston this season. Both vessels will fit for the Cape Shore.

Several of the seining fleet are home today from south to fit for the Cape Shore. No fish of any account have been seen for over a week. The seining skippers say that they have gone down to spawn. Some of the captains will remain out there for a few days more, and then, if no fish show, will hustle to the Cape Shore. Others will not go to the Cape Shore, but will take chances at Block Island and No Man's Land.

Schs. Constellation, Golden Hope, Vera, Kentucky and Speculator are fitting for the Cape Shore.

Capt. William Welch will fit sch. Grace C. Hadley for seining.

One skipper was asked recently what he thought of the "gasolines," and replied that next year he would go hand in one rather than be skipper of a sailing seiner. He is a man who is doing well too.

Capt. Eben Lewis of the gasoline auxiliary sch. Natalie B. Nickerson says that the auxiliary power has added surely \$5000 to his stock thus far this season.

The fare of salt mackerel of sch. Kentucky sold to the Andrews Co. at \$9 per barrel.

The fare of sch. Speculator sold to William H. Jordan at \$9 per barrel.

The salt mackerel season opened here this morning. The buyers were right on hand and the good price, \$9 per barrel, showed that the fish were wanted.

Fishing Facts and Fancies.

Two hundred and fifty fishermen are reported to have been drowned in a gale which has made havoc of the herring fishing fleet on the west coast of Japan.

Axolotl, or fish with legs, is the name Mexicans give to a queer creature which can swim like a fish or run up a smooth wall like a fly, can live and grow when constantly in water like a true fish and yet can live and grow entirely away from water, excepting a little to drink, like a true air-breathing animal.
